NATIONAL BISCUIT COMPANY

PETER W. COLLINS SPEAKS TONIGHT

Tonight, at the Weber academy, Peter W. Collins will deliver his lecture on "What's Wrong With the World," under the auspices of Ogden Council 777, Knights of Columbus. The following prominent citizens have been invited to occupy seats on the rostrum:

Judge G. S. Barker, Ex-Mayor A. G. Fell, Rev. N. Z. Brooker, T. B. Evans, D. O. McKay, Rev. J. E. Carver, Rev. G. F. Rassweiler, Rev. Olaf A. Hanson, Rev. F. G. Brainerd, Rev. B. H. Leishman, Rev. William F. Fleetwood, Louis W. Shurtliff, James W. Wotherspoon, Mrs. Stella Trippe, Rev. P. M. Cushman, Rev. M. A. Hollister, Rev. G. F. Lowe, Judge J. A. Howell, Mayor A. R. Heywood, Supt. John M. Mills, Dr. E. I. Rich, Dr. R. S. Joyce, Dr. A. S. Condon.

The lecture will begin at 8 o'clock and the general public is invited to attend.

Peter Collins needs no introduction to the men and women of America interested in the great constructive movements of Christian Democracy and Social Reform. His experience and activity in the cause of social legislation well qualifies him for his platform work, having served for many years as International Secretary of the International Brotherhood of Electrical Workers, Editor of the Electrical Worker, and as a member of the Illinois Industrial Commission, one of the first commissions in the United States that made possible a great code of laws for the health, safety and comfort of the workers in that State. This code of laws has been copied by many cities and states and has received the approval of sociologists and statesmen the world over.

This commission also reported to the legislature, the recommendation for legislation limiting the hours of women workers.

The bill adopted to cover the recommendation has stood the test of the Illinois Supreme Court and the Supreme Court of the United States.

AMUSEMENTS

TONIGHT.

Orpheum—Pantages vaudeville, 8:30, 7:30, 9:15 p. m.

Great Pantages Show TODAY

"The Packard Four," a great comedy act on the new Pantages bill at the Orpheum today—10, 20 and 30 cents.

PIONEER DAY CELEBRATION WILL BE A GREAT EVENT

Prominent People of the City Gather at the City Hall and Arrange for Parade, Addresses, Banquet, Band Concerts, Amusements and a Day of Rejoicing—Monument to Pioneers Is Suggested.

A permanent memorial to the pioneers of Utah may be erected in Ogden as a result of the move now underway for a joint Ogden and Weber county observance of Pioneer day, July 24. The matter was broached by Father P. M. Cushman, pastor of St. Joseph's Catholic church, last night at a meeting of the projectors of the movement for the celebration, in the course of a brief talk in which he endorsed the movement. In his talk, Father Cushman paid a fine tribute to the pioneers who first came to Utah and "under God's guidance" developed the state, making it a place of "peace, prosperity and plenty," and suggested that a memorial be raised in Ogden to their memory. He also suggested that the Daughters of the Pioneers of Weber county immediately begin the raising of a fund for the purpose.

The suggestion found favor with the gathering of more than thirty prominent people, who had met to discuss plans for the coming celebration, but it was deemed advisable to lay the matter aside for the time in view of a desire to put forth every effort during the next two months for the success of the Pioneer day program.

At the meeting, Mrs. Chris Flygare, vice president of the Daughters of the Pioneers, was chosen chairman of the general committee, and Secretary James P. Casey of the Ogden Publicity bureau was chosen secretary. The members of the committee were named as follows:

John Watson, Mrs. E. I. Rich, Mrs. J. R. Morrell, Mrs. Treseder, Mayor A. R. Heywood, Commissioner W. C. Hunter, President W. H. Watis of the Weber club, Rev. P. M. Cushman and Rev. J. E. Carver.

Committees Named.

The organization of sub-committees was perfected as follows:

Executive—Mrs. Chris Flygare, chairman, and James P. Casey, secretary.

Finance—John Watson, A. T. Wright, LeRoy Eccles.

Parade—D. O. McKay, Judge J. A. Howell, W. C. Hunter, W. E. Zuppman.

Decorations—Commissioner Chris Flygare.

Program—Alva L. Scoville, Mrs. David Eccles, Mayor Heywood.

Banquet—Mrs. David Eccles, Mayor Heywood.

Invitation—Mrs. J. R. Morrell, Transportation—Royal Eccles.

Amusements—John Culley, Music—George Glen.

Site for assemblage—Commissioner M. L. Jones.

Automobiles—Fred G. Taylor, Publicity—James P. Casey.

Other members of these committees will be named by the chairman and a committee on badges will be selected by the Daughters of the Pioneers.

Outline of Celebration.

On behalf of the Daughters of the Pioneers, Mrs. E. I. Rich outlined the general suggestions made by that organization for the celebration. She stated first that the designation of "pioneer" was intended to include all persons who came to Utah prior to 1869, the year of the advent of the railroad, and that special honor was to be accorded those men and women.

The Daughters of the Pioneers, she said, desired the staging of a big pageant parade, exemplifying the development of Utah from the days of the Indians and trappers to the present time. She said an immense banquet, program of addresses, band concerts and other entertainment for the veterans had also been favorably considered by the organization.

Other talks, inclusive of suggestions for the program and the matter of getting the entire county to co-operate in the celebration, were made by Mayor Heywood, Judge J. A. Howell, President L. W. Shurtliff, Frank J. Stevens, Mrs. David Eccles, Warren Watis, Dr. E. I. Rich and County Commissioner W. C. Hunter. Judge Howell drew a word picture of a pageant as suggested by Mrs. Rich, and said that it should be made a central part of the celebration.

The general and special committees will hold another meeting Saturday, at 4 p. m., in the city hall.

MOVING PICTURES FOR THE CHILDREN

At the closing meeting of the Madison school Parents-Teachers' association held yesterday afternoon at the school, Mrs. Joseph R. Morrell delivered an address on "The Silent Drama."

Following the address, there was a general discussion on the question of having a better class of pictures shown to the children at Saturday matinees. The discussion was led by Judge J. A. Howell, who called the attention of the association to the move that has been endorsed by the board of education to have the theaters of the city put on special educational pictures Saturday afternoon. This move was endorsed by the association.

YUMA TO HOLD A BIG PARADE

Yuma, Ariz., May 18.—Arrangements were begun today by the residents of Yuma to hold a preparedness parade on memorial day. School children, members of civic organizations and members of marching clubs from near-by communities will participate, it was announced. A battalion of the Twenty-first United States Infantry with the regimental band has been selected to lead the parade. An invitation

has been sent to Gov. George W. P. Hunt to be present.

Labor Council Opposes.

Seattle, Wn., May 18.—A resolution opposing the preparedness parade to be held here June 10 and urging all members of organized labor not to participate in the demonstration was made public here today by the Central Labor Council. The question provoked considerable discussion at a meeting last night but the resolution was adopted without a dissenting vote. The council voted to participate in an anti-military parade to be given soon.

The resolution opposing the preparedness parade says the Central Labor Council opposes "parades of any other form of demonstration which might unduly magnify the preparedness sentiment for the purpose of influencing our representatives in congress with a view of entering the wedge of militarism."

WILSON TO SPEAK TO PEACE LEAGUE

Washington, May 18.—President Wilson today accepted an invitation to speak either Friday or Saturday of next week at a meeting here of The League to Enforce Peace, of which former President Taft is president. The president in speaking to an anti-preparedness committee recently suggested that after the war, all nations might combine in a league to preserve peace with a common police force.

In celebration of the anniversary of the first Hague conference, representatives of the Women's Peace party today urged President Wilson to take immediate steps to call a conference of neutral nations to make efforts to end the war in Europe. He was told meetings celebrating the first Hague conference, which was held in 1899, are being held today in many neutral countries.

Mrs. W. Thompson Burch, chairman of the local branch of the Women's Peace party and Mrs. Charles Edward Russell and Mrs. John J. White, vice chairman, informed the president they believed the only thing delaying peace in Europe was the beginning of the movement by neutral nations.

TOO WEAK TO FIGHT

The "Come-Back" man was really never down-and-out. His weakened condition because of over-work, lack of exercise, improper eating and living demands stimulation to satisfy the cry for a health-giving appetite and the refreshing sleep essential to strength.

VIOLENT QUAKE ON ADRIATIC COAST

Rome, May 17, via Paris, May 18, 11-15 a. m.—An earthquake of particular violence has occurred along the Adriatic coast between Rimini and Cesena. At the latter town a dozen people were injured.

Faithi Alfieri, director of the observatory at Florence, predicts a repetition of the earthquake which extended to the Venetian provinces.

The entire central section of Italy was shaken by repeated earthquakes which lasted through Tuesday and Wednesday. Only the most meagre details have as yet been received in this country and it is not known what loss of life occurred if any.

J. C. BRANDON IS WANTED IN PRICE

Price, May 17.—J. C. Brandon is a much-wanted man in Price. He has been here for the past week and has passed as a representative of a party of rich California real estate men and is said to have incidentally passed a number of worthless checks.

Brandon was treated with marked respect while here and was shown everything in Carbon county, from a reservoir site to a chicken ranch, but yesterday morning early he decamped for parts unknown—it may be forever, but it is not likely, as the sheriff's office is using every means to bring the stranger back.

A SIGHT WITH PIMPLES ON FACE

Burned and Itched. Scratching Made Them Sore as Boils. Could Not Sleep at Night.

HEALED BY CUTICURA SOAP AND OINTMENT

"My trouble began with small pimples and they gradually grew larger and inflamed. They broke out in blotches on my face and forehead and I looked a sight. I irritated them by scratching until they were as sore as boils, and they hurt so I cried. They burned and itched until I could not sleep at night."

"I used a great many salves and pills, but they did me no good. This had been going on for about five months when I tried Cuticura Soap and Ointment. I washed my face in hot water and Cuticura Soap, dried it and applied the Ointment, and then washed again with the Soap. In a short time the pimples were completely gone and my skin was pretty and clear." (Signed) Miss Verda Bramwell, 422 W. 16th St., Los Angeles, Cal., July 1, 1915.

Sample Each Free by Mail

With 32-p. Skin Book on request. Address post-card "Cuticura, Dept. T, Boston." Sold throughout the world.

JAPAN DOING MUCH BUSINESS

Industries Receive Powerful Stimulus From War—\$20,000,000 Monthly Put Into Extensions and New Enterprises.

Washington, May 18.—Japan's industries are receiving a powerful stimulus from the war. Consular reports today said industrial investments during the first of the present year had been heavier than at any time since the industrial revival of 1906. Now investments largely are for iron works, ship building, paper mill, dye and drug manufacture and other chemical industries.

Business slumped in Japan for a time after the war began, and according to the consular reports, investments in business enterprises began to increase only last October. Since that time more than 20,000,000 dollars monthly has been put into business extensions and new enterprises.

Prohibition by the British govern-

ment of importation of luxuries is said to have hurt certain lines of manufacturing in Japan.

FOUR VALUABLE MICE CAREFULLY GUARDED

New York, May 18.—Four mice, whose ancestors had been inoculated with tumor germs for 15 years, took up their residence today in the Crocker Cancer research laboratory at Columbia university. They were sent here from London to escape the danger of Zeppelin raids.

In the last German air raid over London a bomb was dropped near the laboratory where the mice were being kept and it was decided to send them to the United States for fear that another bomb might destroy the work of years.

BLOODED LIVESTOCK IS JUDGED AT PROVO

Provo, May 17.—A large number of fine cattle, horses and swine were assembled this afternoon on the courthouse block at the annual exhibit by the Utah County Jersey association. Professor John F. Caine III of the A. C. U. judged the animals and pointed out their good qualities and defects from the breeders' point of view, giving many valuable suggestions. The state mental hospital had the largest individual exhibit from its fine herd of Jerseys.

POPULAR YOUNG MAN DIES.

Salina, May 17.—One of the saddest deaths to occur in this community for some time was the sudden death of Elden Courtis, one of the most popular young men of the town. Thursday night he left for the ranch in Goose-

berry, which is located about twelve miles from town. He was taken ill while there and later was taken to the hospital, where he was operated on for appendicitis, but died Monday afternoon. He is survived by his parents, two brothers and four sisters.

COTTON ONE OF DEADLIEST MISSILES

One thousand tons of cotton are fired every day from the mouths of the German and Austrian cannon. Cordite, one of the explosives employed by the artillery of the present day, is twofold cotton. The raw material is dipped into nitric acid, washed and dried, and the material thus supplied becomes the base of the explosive.

It takes 400 pounds of gun cotton to make the charge for one shot from the Queen Elizabeth's guns or from one of the German seventeen-inch guns.

Gun cotton can only be made from raw cotton.

THE REASON WHY.

"Why did you refuse when Brown suggested burying the hatchet?" "Because I believe the cuss had an ax to grind."—Boston Transcript.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CENEY & CO., Toledo, O. Sold Everywhere. Druggists, 75c. Take Hall's Family Pills for constipation.
